ClearStream BeverageMax (Blue) - 5 Pack

The ClearStream is a highly visible recycling system for the collection of beverage container. The units are durable, lightweight and easy to maintain.

The ClearStream *BeverageMax* has a lid with three 4" circular restricted openings for collecting beverage containers. The 3-hole uses a clear-bag system, which enables participants to see their contribution and feel good about their recycling decisions.

Additional decal options are available. Custom Decals can be ordered for sponsorship identification, bi-lingual instructions, alternate materials, etc (minimum order of 100).
